GERMANY DOES NOT WANT WAR

BRITISH LOST 2,000 IN ATTACK ON TURKS

Switzerland is Not Going to Break With Germany

SAFE CONDUCT ASSURED FOR COUNT BERNSTORFF

WASHINGTON, Feb. 6.—Consul Frost, at Queenstown, officially reports to the State department the sinking of the British collier Eavestone, on which one American, Richard Wallace, a negro, of Baltimore, was killed.

The report said the Eavestone was sunk by a submarine near Eastner yesterday.

Arrangements have been completed for the sailing from New York next Tuesday of Ambassador von Bernstorff and the German consular agents, to sail on the Scandinavian liner Frederick VIII for Christiana. The United States feels assured of safe conduct for the party from the allies.

Information has been received that Switzerland will not adopt the president's suggestio nthat neutrals follow the American lead in the German situation. As far as known this is the first response to the suggestion.

The immediate purchase of reserve quartermasters' supplies up to the limit of the available appropriation has been ordered by Secretary Baker. Quartermaster-General Sharpe has already sent purchasing agents into the market to carry out the orders in the shortest possible time.

Official notice has been received of the release of the 64 Americans captured by the German commerce raider. Germany asserts that they were released because at the time of their enbloiment they did not know that Germany planned to treat armed merchantmen as warships.

A conference of neutral nations is being discussed, but the plan is not indicated.

Relations with Austria are on an unsount basis.

Satisfaction is expressed here at Germany's friendly view of the break. Spain's assumption of American interests in Germany is interpreted as removing Spain from participation in the break.

An amendment was today offered to the Naval bill empowering the president in case of emergency to commandeer ship yards and munitions plants.

The State department today ruled that the government will take no action regarding the sailing of ships but will leave the matter entirely to the ship owners.

BRITISH LOSE 2,000 IN ATTACK ON TURKS.

The British lost 2,000 killed in the attack on the Turkish position near Kut El-Mara, Mesopotamia, February 1, according to the Turkish official announcement.

Paris reports the repulse of German raids at Louvemont and Esparges, Verdun sections.

French raiders penetrated the German trenches in the region of Aspach, Alsace, without losses.

"GERMANY INTENDS TO STARVE US OUT," SAYS BRITON.

LONDON, Feb. 6.—Arthur Neville Chamberlain, director general of the British National service said: "Let nobody suppose because of the fact of passports being given Ambassador von Bernstorff, there is nothing else to be done. Germany intends to starve us. Answer must be a blow between the eyes, which will bring the enemy to their senses."

LOW TEMPERATURE AGAIN LAST NIGHT

The temperature again fell below the freezing point last night, going as low as 24 degrees, and firing was again resorted to in the Munroe & Stevens groves and other large groves of this vicinity provided with oil smudge pots or other means of fire protection. In groves not so protected in the previous freezes of Friday and Saturday nights it would of course be useless now to try to protect the trees. The continued cold weather and the rain of Sunday night are beneficial to the frozen trees, which receive greater injury from the sudden thaw resulting from warm weather than from the low temperature.

"BLACK ORCHIDS" AT THE CRYSTAL THEATRE

Bessie Barriscale, who provided Blackbird with its recently successful screen test, "The Shadow of Suspicion," will present another of his tragic and still more notable beautiful productions at the Crystal theatre tomorrow, when "Blackbird Dan," sends is reached at that popular picturegoer center. Clive Wallcott he sends the star and "Black Orchids," the Blackbird she now appears in, provides her with even better opportunities to display her native artistry in an intensely emotional role. "The Shadow of Suffrage" was noteworthy for beautiful photography. "Black Orchids" is said to be still better.

WHY NOT THE TRUTH?

If the critics who are so busy pounding the pianoforte, "The Little Girl Next Door", will offer a better remedy for the exposure and stoppage of vicious sex relations than the promulgation of such films are honestly striving to accomplish the general public would perhaps take these indiscriminate shots more seriously. As it is, as well tailored and clean minded persons can calmly review the picture scenes of the unheard of and suppressed facts that were developed in the course of the lucrative investigation which was made recently by the Chicago Vice Commission, without feeling that weak girls may be taught the lessons of prevention and many evil-minded men may be given a wholesome fear of consequences, by viewing this remarkable picture.

The trouble is that comparatively few people ever heard of the many pitiful cases of innocent girls who are lured, deceived or actually driven by brute force into lives of shame, and unless a case comes home to them by dint of the victim being a relative or friend they either refuse to believe that such evils exist or take the high and mighty position that such things are no concern of theirs.

The great question of sex abuse and white slavery in all the cities of the country has gotten to be such a terribly evident and important one that no man or woman who claims to be a representative citizen has the moral right to say it does not concern them. It is of deep concern to every right thinking person and those good men and women who have qualified as judges in making a long and practical study of such questions have gone on record and said in no uncertain words that such pictures as "The Little Girl Next Door" are a tremendous influence for good and should be given wide publicity and shown in every city of the United States. Frequently such pictures pave an actual better time to the producers and exhibitors and it is the duty of the latter to solve the problem that now only threatens to undermine any and every business.

We believe that education for the people and not censorship is the remedy and we would like to see the motion picture men the correct methods of aspiring to educate the people and we are willing to do our share in the promotion of the "The Little Girl Next Door" and other pictures of its class. We believe that the public will be pleased to see the pictures.

BLACK ORCHIDS" AT THE CRYSTAL THEATRE

Rex Ingram, who provided Bluebird with its recently successful attraction, "The Chalice of Sorrow," will present another of his tragic and still incomparably beautiful productions at the Crystal theatre tomorrow, when "Bluebird Day," again is reached at that popular photoplay center. "The Chalice of Sorrow" was noteworthy for beautiful photography—"Black Orchids" is said to be still better.

When Baldness Starts.

It has been discovered that if a person is going to be bald in middle life, or even in old age, the symptoms will appear between the ages of fifteen and twenty-one. Although the hair may gradually become thinner as one grows older, it will never entirely disappear unless signs of this thinning become manifest before the age of thirty-five years.

Word From Dolor Williams.

I don't lose no sleep over de riddles de good Lawd didn't intend for me to unriddle; an' I don't keer how fur off heaven is ef I only git a chance ter work fer de wings ter fly dar.—Atlanta Constitution.

WHY NOT THE TRUTH?

If the critics who are so busy pounding the photoplay, "The Little Girl Next Door", will offer a better remedy for the exposure and stoppage of vicious sex relations than the promoters of such films are honestly striving to accomplish the general public would perhaps take these indiscriminate shots more seriously. As it is, no well balanced and clean-minded person can calmly review the picture scenes of the unheard of and suppressed facts that were developed in the course of the incisive investigation which was made recently by the Chicago Vice Commission, without feeling that weak girls may be taught the lessons of prevention and many evil-minded men may be given a wholesome fear of consequences, by viewing this remarkable picture.

Frequently such pictures prove an actual money loss to the producers and exhibitors and it is quite unfair to take the position that their only interest is sensationalism and money-making.

We believe that education for the girl, and the wholesome fear of consequences for her would-be traducer are the correct methods of copying with the evil, and these ends are accomplished to a large degree by the exhibitions of "The Little Girl Next Door."—Nashville Amusement News.

This picture will be shown at the New Daytona theatre Wednesday and Thursday.

CORNWALL NOMINATED AS PRESIDENT OF F.E.C. AUTOMOBILE ASS'N

At a meeting of the directors of the Florida East Coast Automobile association held last night officers for the ensuing year were nominated, and will be elected at the annual meeting to be held the first Monday in March.

The officers nominated by the directors last night were as follows:

President—M. P. Cornwall.
First Vice-President—Col. C. M. Bingham.
Second Vice President—W. G. Nash.
Treasurer—Jerome D. Maley.
Secretary—R. L. Smith.
Directors—Michael Shultz, W. M. Hankins, L. M. Waite, T. E. Fitzgerald, E. F. Shoeberlein and R. S. Maley.

Mildproof Furniture.

A sure way to keep mice out of bureaus, chiffoniers, sideboards, etc., is to tack a piece of zinc under each article of furniture. The zinc should be made to fit closely. It is not necessary in the case of bureaus to put zinc under each drawer, one piece at the very bottom will suffice.

Whence "Gringo."

In Spanish gringo, pronounced greengo, means gibberish or unintelligible chatter. American Spaniards applied it to Americans and Englishmen in contempt because their language sounded like gibberish to the Spaniards. Now the term is applied in contempt to Americans in the same way that Americans speak of Mexicans as greasers.

What It Looked Like.

In a New Zealand town one of the municipal candidates, a Scotchman, had received a present of a huge Scottish thistle, which at the moment happened to be lying on the table of his committee room. A friend entering, withdrew suddenly, with the remark, "I beg your pardon, I did not know that you were at supper."

Prayer for Daddy.

A little girl all ready to say the blessing at the table heard her father fussing because the meal was not hurriedly set the table in the kitchen. He said the kitchen was no place to eat, etc. She looked up sadly and said: "Lord, make us thankful for this food, etc., and ended up with, "and make my daddy contented to eat in the kitchen."

Excellent Reason.

Another reason why one child is not enough for a family is that when it grows up the father has two bosses in the family and the mother and the kid have none.—Houston Post.

Republican senators in caucus decided to support the Poindexter bill providing for the immediate construction of 100 submarines for coast protection.

The Crescent Pipe line declared a regular dividend of 75 cents a share payable March 15. The books will close Feb. 10 and reopen March 16.

E. F. Hutton & Co.: "The irregularity in the market, especially in certain of the rails, is believed to represent German selling. The general feeling among well posted people is for improved prices. In comparison with former conditions, not similar to these but the only ones at all alike, the stock market has advanced. Crucible and Baldwin have apparently found a market. The buying of Steel was credited to big inside interests. We hear of big cash purchases of Beet Sugar. In the event of war the leather stocks would profit as much as any other industry in the country. Railroad trouble is extremely unlikely."

The regular dividend was declared by the American Cities company. Only routine business was transacted at the Long Island meeting.

The Standard Oil company of New York is expected to declare a stock dividend of 33 1-3 per cent at the next meeting.

The regular dividend was today declared on Studebaker.

GEORGIA SENATOR PRAISERS DAYTONA

Dr. J. C. Beauchamp, senator from the Twenty-second Senatorial district of the Georgia general assembly, is stopping for awhile in the city, this being the third winter he has visited Daytona, and speaks highly of its beauty and attraction.

Senator Beauchamp's district is composed of the counties of Bibb, Monroe and Pike, in which is located some of the most famous educational institutions of the state of Georgia: Mercer university and Wesleyan Female college at Macon, Bessie Tift college at Forsyth, Gordon Institute and the Sixth District Agricultural college at Barnesville. Macon is the home of the present governor, Hon. Nat E. Harris, who was also here recently and who owns a cottage at Seabreeze.

The senator says that the two most important subjects now engaging public attention in Georgia are the leasing of the state road and the calling of an extra session of the legislature to prohibit the shipment of liquor in any quantity into the state.

Pressure is being brought to bear on the present governor to call an extra session, because Governor-elect Dorsey has refused to say whether or not he would veto such legislation. The L. & N. railroad now has the state road, a very valuable property, running from Chattanooga to Atlanta, but the lease expires in a short time.

ELKS' CHARITY FUND LOCAL ORGANIZATION

The Elks' charity fund, to which the proceeds of the ball which will be held on Wednesday evening will be donated, has always been the zenith [illegible] charity funds in Daytona. True charity is what counts, not the kind which advertises itself to the public, but that which with sympathetic instinct extends its help in a kind manner. Alms-generally "It is no [illegible] which the hand can hold, [illegible] gives nothing but worthless gold, [illegible] gives from a sense of duty." The many many instances of charitable acts done by the Elks are unknown. Those who have come into the city of Daytona perhaps to work, perhaps [illegible] who have met reverses, accidents [illegible] have always found a willing hand in the Elks' Charity fund to help them out of their distress of circumstances.

Everybody ought to help augment the fund by attending the ball, have a good time, and go home feeling that charity and pleasure were wonderfully [illegible] combined, which combination has always been attained [illegible] and will be attained by the benevolent, Protective Order of Elks.

ROAD ROLLER AND SCARIFIER

The new Austin road roller and scarifier purchased by the city from the Austin Western Road Machinery company, of Chicago, Ill., was given its first out yesterday on two blocks of First street, between Volusia and Orange avenue, with very satisfactory results. The roller was operated by Will Babington, of this city, under the direction of T. F. Barnings, a representative of the Austin company, who came to Daytona Friday for the purpose of giving instructions in the use of the machine.

The two blocks of First street mentioned were very rough and uneven, but have been put in quite presentable appearance by the work done yesterday when the surface was scarified and then rolled smooth. Mr. Barnings stateed to a News representative that he found the machine which was new to him, a very simple proposition and it was necessary to use from 110 to 135 pounds air pressure on the scarafier to tear up the hard-set roadway. He said that on macadam and gravel roads 80 pounds pressure was amply sufficient for the purpose.

The roller burns either gasoline or oil and the latter is being used today although gasoline was in use yesterday. This morning the roller was doing good work in crushing and rolling out shell which was being added to the surface of Magnolia avenue between First street and the railroad. City Commissioners Smith and Porter and also James Rix, superintendent of street work, are all well pleased with the roller and look forward to making much improvement in the city streets by its use.

ENTERTAINMENT FOR BENEFIT OF PUBLIC SCHOOLS THURSDAY

MUSICIANS OF PENINSULA TO GIVE MUSICALE TO AID HIGH SCHOOL IN FURNISHING STAGE IN NEW BUILDING.

What promises to be one of the most delightful entertainments of the season will be given next Thursday evening at 8:00 in the [illegible] auditorium of the Daytona Beach Methodist church. The Peninsula is fortunate in having at this time a number of talented and gifted musicians who are anxious to help the public school and have promised to lend their talents to this end. The result is a program for Thursday night which should certainly be enjoyed by those fortunate enough to obtain seats.

The proceeds from this musicale will be used to aid in paying for the stone fittings in the new $50,000 school building on the corner of Earl street and Grandview avenue. The local school board has found it necessary to go into debt to complete this beautiful modern structure and for this reason are not able to help in buying the stage scenery, and curtains.

The school children will sell tickets in advance for the entertainment. Those who wish for reserved seats should ask for them as the church will doubtless be filled to its doors. The cause is good and the entertainment will be good and all peninsula people are asked to attend.

SEABREEZE

J. A. Coburn has recently purchased a building lot on Duke street, Seabreeze, with a view to building a winter home for his mother, Mrs. Coburn, in the course of a few months.

Mrs. C. A. Kenney and little grandson, Mortimer Courtney, Jr., left Saturday afternoon for Miami where they will visit her son, Mortimer Courtney at his home there.

Earl and Emmett Sims returned to Palatka today after coming over to attend the funeral of their brother Chester H. Sims. Earl Sims will return to his duties as a member of the Palatka fire department of which his brother is chief. Emmett Sims will spend a few weeks at his home in Palatka and will then probably have to return to his company in the Florida regiment at the Mexican border.

L. V. Dixon, of San Francisco, Cal., is among the recent arrivals at Seabreeze. It is Mr. Dixon's first visit to Florida and he says that in spite of the cold weather here, it is far more agreeable than the cold and wet in California. Mr. Dixon, who is located at a hotel on Ocean boulevard, will leave in a few days for a tour of the state.

Mrs. Paul Dulaney has returned to Washington, D. C., after visiting for several weeks with her relatives, Mrs. F. C. Wright and Mr. and Mrs. Paul Dulaney at their river front homes in Daytona Beach and Seabreeze.

Miss Marion Smith has returned to her Daytona home after a few weeks visit with Mrs. J. W. Rainsford at her winter home, the Brenard cottage, corner of Ocean boulevard and Fifth street.

JAMES T. ELSON PRAISES DAYTONA FIRE DEPARTMENT

February 5th, 1917.

Editor Daily News:

I feel that a word of praise and encouragement for the Daytona fire fighters was more than earned by them for the splendid manner in which they handled the recent fire in the La Cross Villa, which would have resulted in a serious conflagration, owing to the strong wind blowing, had the fire not have been handled in a masterly manner and I personally feel a great many among the large crowd of spectators express much surprise and gratification at the efficiency of the Daytona Fire department.

Yours very truly,
JAMES T. ELSON.

HELP'S MANAGE BIG ESTATE

Daughter of Late Millionaire Owner Will Share Management With Brother.

New York.—The management of the estate of her father, George C. Boldt, including actual supervision of the Waldorf-Astoria and the Bellevue-Stratford hotels, is to devolve to a great extent upon Mrs. Alfred H. Graham Miles, who, before her marriage, was Miss Louise Clover Boldt.

Mrs. Miles and her brother, George C. Boldt, Jr., inherited the entire fortune of their father, variously estimated at from $200,000,000 to $250,000,000. They are to share equally the direction of the estate.

Named vice president of the Waldorf-Astoria Hotel company at a recent meeting of the company, Mrs. Miles has established an office on the thirteenth floor of the hotel. Her brother was named as president to succeed his father, and Francis S. Hutchins, for fourteen years personal counsel to the elder Mr. Boldt, was continued as secretary. For nearly years treasurer of the company, Frank Abraham was removed to that office.

Mrs. Alfred H. Graham Miles.

Investments and real estate, including properties in Fifth Avenue, are embraced in the estate which the younger Mr. Boldt will have personal charge. Their father, besides owning an extensive estate in Florence island, where he lived in the summer, had eight other fine houses in New York. Throughout these sections, which he owned. But there are other interests, too numerous to mention, that will come under the head management of Mrs. Miles and her brother.

In her father's lifetime Mrs. Miles made many suggestions as to the direction of this side of the business, and in this she will now have her field, because her brother, in his attention to detail, will be too absorbed.

Mrs. Miles has one child. Though she has paid close attention to her social duties for many years, she found time to win honors at tennis and horseback.

STOLEN GEMS ARE DUG UP

Jewelry and Silverware Turned Up in Excavation for House in Suburb of Reading, Pa.

Reading, Pa.—Jewelry and silver worth $500 was found buried in a field at Wyomissing, a suburb, last October, while excavations were being made for a house, Irvin F. Dapkin of Wyomissing stood guard over it.

The stone Cuvier was on the property. Mr. Dapkin noticed a newspaper account of an incident in which Cuvier, who was a widower, was killed by an automobile, and wrote to the father of the child, Samuel J. Cuvier, a Philadelphia paper-dapkin. Mr. Cuvier in reply said the jewelry and not be lost to him.

A close examination disclosed only the jewelry that used Tennessee, the husband of the deceased. Mrs. Cuvier, Mr. Dapkin and Mr. Dapkin's son, Mr. Dapkin, responded with Mrs. Catherine Cuvier of Tennessee, who is the owner of the property. Mr. Dapkin, who is the owner of the property, has been living there for and is now out to her.

ENTERTAINMENT FOR BENEFIT OF PUBLIC SCHOOLS THURSDAY

MUSICIANS OF PENINSULA TO GIVE MUSICALE TO AID HIGH SCHOOL IN FURNISHING STAGE IN NEW BUILDING.

What promises to be one of the most delightful entertainments of the season will be given next Thursday evening at 8:00 in the large auditorium of the Daytona Beach Methodist church. The Peninsula is fortunate in having at this time a number of talented and gifted musicians who are anxious to help the public school and have promised to lend their talents to this end. The result is a program for Thursday night which should certainly be enjoyed by those fortunate enough to obtain seats.

The proceeds from this musicale will be used to aid in paying for the stage fittings in the new $50,000 school building on the corner of Earl street and Grandview avenue. The local school board has found it necessary to go into debt to complete this beautiful modern structure and for this reason are not able to help in buying the stage scenery, and curtains.

The school children will sell tickets in advance for the entertainment. Those who wish for reserved seats should ask for them as the church will doubtless be filled to its doors. The cause is good and the entertainment will be good and all peninsula people are asked to attend.

JUDGE N. C. SEARS HERE FOR 3 WEEKS

Judge Nathaniel C. Sears, of Chicago, Ill., one of the most prominent winter residents of the peninsula, arrived Saturday to spend three weeks with Mrs. Sears at their attractive residence on Peninsula drive and the river front Daytona Beach.

Judge Sears is a prominent member of the Illinois bar. He has been a lawyer since 1872 when he was admitted to practice in his state. He was elected judge of the Cook county superior court in 1893 and steadily rose in place until he was made chief justice of the Illinois Appellate court in 1900. In 1903 he resigned to become a member of the law firm, Sears, Meagher and Whitney. He was at one time the Republican candidate for mayor of Chicago and is now a member of the Chicago board of education.

GEOLOGY SPECIMENS FOR THE SEABREEZE SCHOOL

Through the efforts of Miss Martha E. Brown and the kindness of Congressman Sears, the United States National Museum has just sent to the Seabreeze High School Museum a fine collection of lava specimens. These are from different places in the Rocky mountains, Hawaiian and Canary Islands. Legare McLarty, with the direction and assistance of Mr. Hall, the capable instructor in Manual Training is building a fine cabinet for the school collection.

SANS SOUCI CLUB TO MEET WITH MRS. COBURN

The Sans Souci club, the popular peninsula ladies organization, will meet at 2:30 next Thursday afternoon at the home of Mrs. J. A. Coburn on Halifax avenue. After the Hawaiian program and the business session, the husbands and house guests of the members are invited to attend and enjoy a pleasant social hour and meet Mrs. Coburn's parents.

PENINSULA PEOPLE AND VISITORS ENJOY RIDE

Mr. and Mrs. C. E. Davisson, and little son Claude, Mr. and Mrs. N. P. Alkire, and Mr. and Mrs. A. M. T. Cunningham, who are now visiting at the Despland hotel, Daytona, were the members of a pleasant auto ride in the large Davisson touring car Monday. The party enjoyed dinner in the woods at the old sugar mill near Port Orange and afterward drove to the lighthouse and return. All the members of the party are residents of Clarksburg, W. Va., and vicinity.

Worry Causes Insomnia.

Insomnia, a most fruitful source of many kinds of serious physical ills, is a certain consequence of worry. Diabetes is often due to the same cause.

SEABREEZE

J. A. Coburn has recently purchased a building lot on Duke street, Seabreeze, with a view to building a winter home for his mother, Mrs. Coburn, in the course of a few months.

Mrs. C. A. Kenney and little grandson, Mortimer Courtney, Jr., left Saturday afternoon for Miami where they will visit her son, Mortimer Courtney at his home there.

Earl and Emmett Sims returned to Palatka today after coming over to attend the funeral of their brother Chester H. Sims. Earl Sims will return to his duties as a member of the Palatka fire department of which his brother is chief. Emmett Sims will spend a few weeks at his home in Palatka and will then probably have to return to his company in the Florida regiment at the Mexican border.

L. V. Dixon, of San Francisco, Cal., is among the recent arrivals at Seabreeze. It is Mr. Dixon's first visit to Florida and he says that in spite of the cold weather here, it is far more agreeable than the cold and wet in California. Mr. Dixon, who is located at a hotel on Ocean boulevard, will leave in a few days for a tour of the state.

Mrs. Paul Dulaney has returned to Washington, D. C., after visiting for several weeks with her relatives, Mrs. F. C. Wright and Mr. and Mrs. Paul Dulaney at their river front homes in Daytona Beach and Seabreeze.

Miss Marion Smith has returned to her Illinois home after a three weeks visit with Mrs. J. W. Ranstead at her winter home, the Bernard cottage, corner of Ocean boulevard and Palmetto street.

When Corks Allow Leakage.

After corks have been used a while they sometimes become so compressed that the contents of the bottle leak out. This may be remedied by putting the corks in boiling water and leaving them there until the water cools. They will then be as good as new and fit just as tightly.

JAMES T. ELSON PRAISES DAYTONA FIRE DEPARTMENT

February 5th, 117.

Editor Daily News:

I feel that a word of praise and encouragement for the Daytona fire fighters was more than earned by them for the splendid manner in which they handled the recent fire in the La Cross Villa, which would have resulted in a serious conflagration, owing to the strong wind blowing, had the fire not have been handled in a masterly manner and I personally heard a great many among the large crowd of spectators express much surprise and gratification at the efficiency of the Daytona Fire department.

Yours very truly,
JAMES T. ELSON.

HELPS MANAGE BIG ESTATE

Daughter of Late Millionaire Hotel Owner Will Share Management With Brother.

New York.—The management of the estate of her father, George C. Boldt, including actual supervision of the Waldorf-Astoria and the Bellevue-Stratford hotels, is to devolve to a great extent upon Mrs. Alfred H. Graham Miles, who, before her marriage, was Miss Louise Clover Boldt.

Mrs. Miles and her brother, George C. Boldt, Jr., inherited the entire fortune of their father, variously estimated at from $10,000,000 to $20,000,000. They are to share equally the direction of the estate.

Named vice president of the Waldorf-Astoria Hotel company at a recent meeting of the company, Mrs. Miles has established an office on the thirteenth floor of the hotel. Her brother was named as president to succeed his father, and Francis S. Hutchins, for fourteen years personal counsel to the

Mrs. Alfred H. Graham Miles.

elder Mr. Boldt, was continued as secretary. For twenty years treasurer of the company, Frank Alstrom was re-elected to that office.

Investments and real estate, including properties in Fifth avenue, are embraced in the estate which the younger Mr. Boldt and his sister are to manage. Their father, besides owning an extensive estate in Florence island, where he lived in the summer, had eight other fine houses in the Thousand islands section, which he rented. But there are other interests, too numerous to mention, that will come under the joint management of Mrs. Miles and her brother.

In her father's lifetime Mrs. Miles made many suggestions as to the direction of this side of the business, and in this she will now broaden her field, because her brother, in his attention to detail, will be too absorbed.

Mrs. Miles has one child. Though she has paid close attention to her father's business for many years, she found time to win honors at tennis and motorboating.

Jewelry and Silverware Turned Up in Excavation for House in Suburb of Reading, Pa.

Reading, Pa.—Jewelry and silver worth $500 was found buried in a field at Wyomissing, a suburb, last October, while excavations were being made for a house. Irvin F. Impink of Wyomissing started investigation.

The name Castner was on the jewelry. Mr. Impink noticed a newspaper account of an accident in which Catherine Castner, a child, was killed by an automobile, and wrote to the father of the child, Samuel J. Castner, a Philadelphia photographer. Mr. Castner said that the jewelry did not belong to him.

A close examination disclosed on the jewelry the word "Tennessee." Mr. Castner told of relatives residing in that state, and Mr. Impink corresponded with Mrs. Catherine Castner of Tennessee, who is spending the winter in Winston-Salem, N. C. She identified the jewelry as some stolen from her, and it was sent to her.

JUDGE HARTZALL TALKS OF COURT OF DOMESTIC RELATIONS

On the bench of the city court of Buffalo is a man whose interest in the rehabilitation and uplift of the individual is one of the most potent factors for good in the life of the great city. He is Judge Albert A. Hartzall, who is a guest at the Prince George during a two weeks rest trip to be spent in Daytona.

Elected to the bench seven years ago for a four years term, and at the expiration of his term re-elected for ten years by the Republicans, Democrats and progressives, Judge Hartzall has had opportunities to reach thousands of men and women who are urgently in need of his help and guidance. Buffalo has the first Domestic Relations court ever established in the world, and this court has been the pattern for all other courts of a similar nature, when a few years ago New York City established a domestic relations court a committee was sent to Buffalo to get copies of the forms and procedures of the court at the latter place. It is in this court, which includes every case bearing upon domestic relations that Judge Hartzall has been able to accomplish through dauntless determination and the strength of an unusual will power fired by enthusiasm, almost unbelievable results in the upbuilding of the people of the slums.

Speaking of his work to a News reporter, Judge Hartzall said: "During the first two weeks after the court was established I almost despaired of accomplishing any lasting changes for good in the many who were brought to our court, but after all it is a matter of imparting the strength of one's own resolution to them, awakening them to a realization of what they themselves are losing by their degeneracy. We hold the court in chambers informally, where we can get heart to heart with the people, and win their confidence, we go into the homes, take care of the children who are so often pitifully neglected. In one instance we found a baby of four months whose only nourishment was coffee and dry bread. Statistics show that our court is very successful, we have been able to turn brutality into kindness, laziness into industry and wastefulness into economy and to create real homes out of hovels of existence.

"Sometimes we accomplish results through persuasion and reason, again through threats where children are neglected we take them away from their parents and put them into the children's home until the parents show a desire to do better and demonstrate their ability to care for them properly, when their babies are returned to them."

During the depression of 1914, when thousands of men and women were out of employment through the shutting down of factories, the city court of Buffalo cared for every homeless man and woman who came under its supervision. As the men could not be classed as criminals although arrested for vagrancy, Judge Hartzall refused to send them to jail, and when both the municipal lodging house and the armory were full, Judge Hartzall went to the city officials and in 30 minutes obtained an appropriation of $ [illegible] for the homeless. Within a few days a large warehouse had been fitted thoroughly cleaned and provided with beds, stoves and bedding, and [illegible] that every man who applied for help was properly cared for, housed and fed until he obtained employment.

Judge Hartzall is on the bench of that city's [illegible] court seven days in the week and by a process of [illegible] every [illegible] months his jurisdiction during the year embraces nearly the job of the court both civil and criminal.

FACTS ABOUT HALIFAX

That there is nothing experimental or theoretical in our tests and estimates of the Halifax lands, we find traces of the occupation of the land in the old Mission ruins, the foundations of ancient buildings and fortifications, the old sugar mills and an extensive system of drainage ditches. We find the old sugar fields today covered with great moss-draped live-oaks, magnolias and hickorys, and the dense and luxuriant hammock growing as heavy as virgin forest, with the furrows of the old fields still plainly visible under the trees.

It is a beautiful place for a picnic. We have a club house out there to which you will be hospitably welcomed. Drive out any day, you will find it worth while. Get one of our maps. It will show you the roads. Yours with pleasure if you will call for it.

Pastor Believes in Advertising.

One of the strongest believers in advertising as a method of building up a congregation for a church in the country today is Rev. Dr. J. W. Kramer, pastor of the First Baptist church of Spokane, Wash. In a sermon recently Doctor Kramer made known his beliefs and told of the value of the newspaper of today.—The Fourth Estate.

NUTMEG STATE PARTY GLAD TO GET BACK TO DAYTONA

A pleasant party of visitors from the Nutmeg state, practically all of the members of which were in Daytona last winter, arrived Monday from points on the lower east coast and are guests at the Tourist hotel. The party includes Mr. and Mrs. C. G. Harrison, of Warehouse Point, Conn.; Mr. and Mrs. George Glover, Mr. and Mrs. M. J. Pease, of Windsor Locks; Miss Jane Harrison, Miss Mary Hilditch, Robert Hilditch and Mrs. J. G. Creelman, of Thompsonville, and Mrs. E. H. Talcott, of Tarrington, Conn. The party had been at Miami and West Palm Beach and had planned to go to St. Petersburg, but finally decided to come to Daytona instead and, Mr. Harrison put it, are glad to be here again, where they have friends among whom are included H. K. Bullard and family, of Thompsonville, Conn., who have been spending winters here for several years. Mr. Harrison says the various members of the party are united in their preference for Daytona over either Miami or West Palm Beach.
